CI/BA [REDACTED]

30 March 1961

Chief Instructor, Counterintelligence
Operations Course

Request for Approval to Use Attached
Case Analysis in CI Ops Course

1. The attached paper was prepared sometime during 1959 by a CI Ops Course student as a case analysis. I believe we could use it to advantage for student reading and discussion in the new course. SR Division has reviewed the paper and has no objections to its use in Training. All cryptonyms would, of course, be changed, but SR states no further sterilization is necessary.*

2. The case is not ideal in all respects. However, there are lessons to be learned from it, and it has the virtue of being quite well condensed and not so involved as to require detailed study.

3. CI Staff approval for use of this case is requested.

[REDACTED] 25X1A

* We would preface the case with a statement that the analysis does not necessarily reflect the views of either SR or the CI Staff.

Form with handwritten and stamped information:

- Handwritten: 1884
- Stamp: 30 MAY 1979
- Stamp: 32936
- Other markings: No. [REDACTED], Cl333. [REDACTED], TS 3, TS-3
